Mission Statement

Serving you to serve others by producing for worldwide use, consecutive Bible lessons that enable the teaching of the Word of God to the current and next generations.

Vision Statement

To facilitate the production of Bible Educational Resources in many of the world's languages, through various means of communication, in partnership with others who share our core values.

GENERAL INFORMATION

What Bible Educational Services does:-

Bible Educational Services (BES) publish "Bibletime", "New Life" and "Gleaners" Bible lessons in English and support Postal Bible Schools and similar organizations using BES lessons in the UK and overseas, by visiting, networking, advising and training. BES is also currently working in partnership with groups in other countries who are involved in translation, design, publishing and distribution of lessons. Lessons must be provided free of charge to all students.

Bibletime lessons were first used in Southern Ireland over 50 years ago. Bible Educational Services maintain editorial responsibility for Bibletime Lessons in English and in all foreign languages. Bibletime lessons have been normally published in an A4 format which enables students in some areas, every four weeks, to send the lessons back to a Bible School Centre for marking. More recently, thanks to the Every Home Crusade (Revival Movement) in Belfast, lessons for six months have been published in an A5 format, which has made usage in Churches and Schools much easier, especially where there is no effective postal system.

The BES lessons are unique in that they are prepared with home or group (Church/School) study in view, following a planned syllabus which allows students to continue studying for up to 20 years. Five levels of lessons are available for specific age groups, Pre-school, 5-7's, 8-10's, 11-13's, 14-16's. There is a three year syllabus for each age group. (See page 4) The age groups may vary according to varying abilities. The Bibletime Resource gives children the opportunity of studying God's Word, learning Bible Stories and facing the challenge of the relevance of the Gospel in their lives.

Printed copies of the lessons are available in English from the BES website www.besweb.com or from the International Secretary. They are also available on the website in other languages. BES has documents which may be helpful to you if you are considering partnering with us, which are also available on the website.

GUIDELINES for TEACHERS

Originally, Bibletime lessons were produced to be used in a postal system with a Postal Bible School Centre but the lessons are increasingly being used where the postal system is unreliable or non-existent especially in Churches and Schools in Africa, India and other locations. Teaching Guidelines are produced for those using Bibletime lessons in such situations. The Teaching Guidelines in this Booklet are designed for use with Level 3 and Level 4 lessons approximate ages 11-16's.

Each Teaching Guide follows the same Bible Reference as the Bibletime lesson. The Bibletime lessons and Guidelines are designed to be used on a weekly basis. The April lessons are particularly related to Easter and the December lessons are related to Christmas.

Some locations will be using an A4 weekly edition of the lessons and others will be using the A5 booklet with 24 lessons included. Normally the teacher or leader will give out the monthly A4 lesson and each week the lesson will be either filled in, in the Church or School or taken home and returned the following week. At the end of the month the teacher or leader will collect the lesson and do the necessary marking, returning the marked lessons as soon as possible to the student.

When using booklets ideally, at the end of each session, the booklets are collected and marked. We realise that in many situations this is impossible. So in the classroom they may be distributed to other students and the teacher or leader will work through the lessons and the students mark their friend's lessons and give a score. At the rear of the booklets there is a place for scores for each month's lesson and a place for a comment about progress that the student has made. There is a certificate also that can be detached and given to the student with an indication of the percentage that the student has obtained for the six months of lessons.

PREPARATION FOR TEACHERS

We do not want to be prescriptive and give no room for teachers to adapt things in their own way with their own ideas and initiatives. These are suggestions which could help in the use of the Bibletime Resource:

- **Be familiar with the story** - Teachers should be as familiar as possible with the Bible Story and also with the Bibletime lesson that accompanies it. Ideally, the Bibletime lesson should be completed by the teacher before the lesson. The Guidelines for each lesson should also be carefully considered as a planning aid for the lessons.
- **Understand the lessons to be learned** - At the top of each lesson plan you will notice the words 'We are learning that', followed by two learning intentions which the children will hopefully have grasped after listening to the teacher's presentation and completing the Bibletime lesson. The first learning intention is to do with knowledge about the story, whereas the second encourages the children to think about the knowledge, apply it and make a response. These learning intentions are a precise statement of the main concepts/truth taught in the lesson and teachers may wish to use them for their personal evaluation of the teaching and learning which has occurred.
- **Introduce it** - With all lessons, we start where the children are with their own experience of the situation. We have suggested various ways that might be used to introduce the story to enable the children to be interactive in discussing the starting point of the story.
- **Teach It** - We have given the Key Points in the story. We would hope that the teachers would not have to refer to these when actually giving the story but would be familiar with the story and be able to teach it in an interesting and inspiring way. The teacher will want the children to understand the main lessons from the story and help them to understand the response they can make from learning the story. As appropriate we have tried to interweave some explanations into the story telling. These are always included in **ITALICS**.
- **Show it** - We appreciate that in some situations, visuals will be very difficult to obtain but wherever possible it is important to focus on pictures or objects to help in the understanding of the story. Visual aids can be a great help in telling the stories. Where appropriate in each lesson we have given the information about pictures from www.freebibleimages.org pictures (FBI) which are downloadable from their website. Another source of visual material is Eikon Bible Art [info@eikonbibleart.com] but their material has to be purchased. Where a photocopier is available some Bibletime pictures could be enlarged, coloured, and used in teaching.
- **Learn It** - There is a Key Verse attached to each story. On some occasions, there are two Key Verses, since we have added another Key Verse which may be easier for children to learn. We hope that the children can learn the Key Verses and will be reminded of it as often as possible so that they begin to build up knowledge of Key Bible Verses.
- **Complete It** - In a school situation you will be aware of the abilities of children to complete worksheets and the amount of teacher support required. For some, it will be a requirement that the teacher reads over the text of the lesson as the children follow what is now a familiar narrative. Other children may be able to read the

text independently. In either case, it may be an idea to draw the children's attention to specific instructions relating to the questions. If you are using Bibletime in a non-school context, it is important to be available to help so that it is not perceived as a chore or test. It should be enjoyable, and encouragement and praise while working on the task are important.

- **Review it** - We have suggested wherever possible quizzes or acting to assist the learning, and as a means of revising the story.
- **Live it-** This section carries the heading 'how does the lesson challenge us' and also some suggestions of possible group work and individual responses to the challenge of the lesson.

Teaching the Key Verse

- 1) The verse could be written on a sheet of paper or on a board with various words removed as the children repeat the verse until the whole verse is removed and the students can repeat it without the words in front of them.
- 2) To introduce the Key Verse you could use:
 - a) The Hangman approach with two teams – a number of letters- spaces of the Key Verse are given with no actual letters – the children choose which letters they want until someone is able to recognise the verse.
 - b) Sword Drill where Bibles are available, and the children race to find the verse and the first one to find it reads it out.

Time Plan

- **Order.** We have kept the same order in the Teaching Guidelines for each Lesson but it may be the teachers will want to change this from time to time.
 - The introduction and telling the story - approximately 15 minutes
 - Teaching the Key Verse - 5-10 minutes
 - Completing the worksheet - 20 minutes
 - Quiz and other activities - 5-10 minutes.

Remember the important saying:

“Tell me and I may forget,
Show me and I'll remember,
Involve me and I'll understand.”

It would have been unusual for a respected synagogue leader, like Jairus, to fall at the feet of Jesus and beg Him to heal his daughter! (Luke 8: 40) 2. On His way to Jairus’ house, Jesus was delayed by a woman who had been ill for twelve years. Jesus knew the woman had intentionally touched Him but wanted to teach her that it was not His cloak, but her faith in Him that had healed her. He also wanted to teach the Jewish crowd a lesson too for avoiding her in her pitiful condition. Jesus was not angry with her, but commended her faith, and told her to go home in peace. (8: 43-48) 3. As Jesus continued to Jairus’ home, Jairus had a message that his daughter had just died. Jesus told Jairus to not be afraid but to believe and went to his house. (8: 49-50) When Jesus arrived at Jairus’ home, there were many mourners there but Jesus put them all outside. 4. With just three disciples and the girl’s parents present, Jesus raised the girl to life again. They were so surprised when she stood up, walked and ate food! Only Jesus could make her alive again! INTRODUCE IT	<p>Explain the background to the story. The Romans had taken over the country; the centurion (a non-Jew) was probably in charge of 100 men at a base in Capernaum. The Jewish elders came to Jesus to ask Him to heal the centurion’s servant. It was a strange position for them to be in since they did not believe in Jesus, but they had been asked to approach Jesus.</p>	<p>Ask the students to think of various groups of people which are marginalised in our society and often despised and rejected. They told Jesus that the Gentile centurion was a good man so Jesus set out for the centurion’s house. <i>(7: 5-6)</i> 3. The centurion did not consider himself worthy for Jesus to enter his house or come to him. He sent friends to Jesus with a message. However, he did believe that Jesus could heal his servant without being there in person. A word from Him would heal the servant. He recognised that just as he was under the authority of the Roman Government and his soldiers were under his authority, Jesus had the same kind of authority over disease. <i>(7: 6-8)</i> 4. Jesus marvelled at the faith of the centurion for none of the Jews had admitted that Jesus had absolute authority and they should have known better! <i>(7: 9-10)</i> 5. <i>In Mark 6: 6, Jesus marvelled at the unbelief of the Jews! Leprosy was a terrifying disease for which there was no cure and generally a priest banished a person with leprosy from his home so he had to live with a community of other lepers, until he got better or died. 2. The man with leprosy came begging Jesus to help him. 3. When Jesus showed love to the man, reached out and touched this leper, he was cured. The law required the healed leper be examined by a priest and so Jesus sent him to the priest to prove his leprosy was gone and he could return home. <i>(8: 1-4)</i> 4. The centurion also came to Jesus asking for help for his servant. Jesus promised to come to his house. The centurion showed his respect and humility by saying he was not worthy for Jesus to come to his house. 5. The faith of the Roman centurion, a Gentile, stands in marked contrast to that of the Jews. In an unusual act of love and compassion, he asked Jesus to heal one of his servants. He believed Jesus could heal even from a distance. <i>(8: 5-9)</i> 6. 	C3 - LEVEL 3 Lesson 4 – More Miracles Topic – Jesus helps a hungry crowd	C3 - LEVEL 4 Study 4 – Feeding the Hungry Topic – The Lord’s Power
	Bible Focus: John 6: 1-15 Key Verse: John 6: 35 We are learning that: <ol style="list-style-type: none"> Jesus showed His power by feeding a great crowd of people. Jesus can meet the needs of all who come to Him and trust Him. 	Bible Focus: John 6: 1-15 Key Verse: John 6: 35 We are learning that: <ol style="list-style-type: none"> This miracle was another of the signs in John’s Gospel proving that Jesus was truly the Son of God. We can trust Jesus to provide for our daily and spiritual needs.
INTRODUCE IT	Read the first six verses of the Bible reading. Then set the scene by imagining how difficult it would have been feeding such a great crowd in a remote place. Think about the problems the disciples faced when Jesus told them to provide food for the crowd.	This miracle is special because it is the only one recorded by the four Gospel writers. It is also the only miracle where a great crowd received a blessing. Remind students that Jesus has a love for everyone and wants everyone to trust and follow Him.
COMPLETE IT	Present the Bible Story Discuss and Explain: <ol style="list-style-type: none"> When the Lord Jesus saw the great crowd, on this occasion, His first thought was to give them something to eat. He asked Philip where bread could be bought but Philip thought about the cost and not on the fact that Jesus had the power to feed everybody. (6: 1-6) Although Andrew also thought it would be difficult to feed the crowd, he mentions the boy with the five loaves and two fish. Although he did not have much, the lad gave all he had to Jesus. (6: 8-9) After giving thanks, Jesus gave the food to the disciples to distribute. The people ate as much as they wanted and Jesus asked His disciples to gather up the left-overs, teaching us that there must be no wasting of the things He gives us day by day. (6: 10-13) Jesus used this miracle to explain that “He was the bread of life” who gives us eternal life so we shall be spiritually satisfied. Explain the Key Verse and encourage students to learn it. Complete Lesson 4. Show it: FBI- Jesus feeds 5,000 (P)	Present the Bible Story Discuss and Explain: <ol style="list-style-type: none"> Jesus had travelled from Jerusalem to the northern shore of the Sea of Galilee and a great crowd of people followed, probably because they saw the miracles He had done. This crowd were like ‘sheep without a shepherd’ (Mark 6: 34) and so Jesus had compassion on them. The disciples’ faith was weak. Philip thought about the cost and not on the fact that Jesus had the power to feed everybody. Andrew noticed a boy with five loaves and two fish but questioned what use such a small amount of food was. (6: 1-9) Jesus made all the people sit down, and after giving thanks, He multiplied the bread and fish and gave the food to the disciples, to distribute to the crowd. (6: 10-11) There was no scarcity of food and as well as being told the people were filled, we are told how the Lord Jesus instructed the disciples to gather in the remaining fragments! A mighty miracle had been performed! (6: 12-13) The crowd recognised it was a miracle and even acknowledged Jesus was the prophet foretold in Deuteronomy 18: 15. However, their faith was not genuine and they were not willing to admit Jesus was the Son of God or confess their sins and accept him as their Saviour. Explain the Key Verse and encourage students to learn it. Complete Study 4. Show it: FBI- Jesus feeds 5,000 (P)

Jesus needs young people to serve Him. Just as the young boy did. What he gave enabled Jesus to perform a wonderful miracle. 	How does the lesson challenge us: <ol style="list-style-type: none"> If you are trusting Jesus, He will provide for both your daily physical and spiritual needs. Elimelech decided to take his family to Moab, a country where people worshipped idols. We are not told that he prayed. <i>Should he have trusted God to provide for them in their own land? Guidance for Teachers Marking Lessons

Level 3 lessons

- The students cannot complete these lessons without referring to the Bible and may have to refer to one or more Bible Readings.
- Questions are in various forms including cross words and word grids, missing words, etc.
- They have been particularly designed to be answered by the NIV, Good News, RSV New King James, Authorised Version and Common English Bible versions.
- Our aim is that all students, whatever Bible they possess, will be able to answer the questions.
- Twenty marks are allocated for each week with a maximum of 80 for the month, when the lessons are completely correct.
- Level 3 - Usually 1 mark per answer required, as indicated.

Level 4 Studies

- These are a harder edition to Level 3 lessons.
- More complex questions and answers required.
- Twenty marks per week and 80 for the month, when the lessons are completely correct and the questions have a full answer.

MARKING HINTS

The teachers are asked, first to:

- Check through each lesson and mark the answers correct or incorrect.
- Award the necessary points as instructed.
- Always mark in a contrasting colour, and TICK each correct answer.
- Put in the correct answer, where necessary and correct any spelling errors, though NO marks are deducted for these.
- Give fewer marks for partially correct answers.
- Add the total for the month and write this on the back page in the space provided.

It is necessary to be fairly generous and to do everything possible to encourage the students with their Bible Study. It is helpful, where possible each month for the teacher to write a word of encouragement to the student and there is a space provided on the lesson sheet for this to be done. Comments can be made about good colouring, neatness, marks attained, the student's understanding of the lesson, etc.

We try to keep comments as varied as possible. Questions, statements, observations, encouragements, etc. can all be used to maintain variety. It requires thought, but it is important to keep the interest of the student alive. If the same statement or question is being repeated every month, it loses its impact.

LEVEL 3

LEVEL 4

General comments

"Another excellent set of lessons. You seem to have a good grasp of these Bible stories and I really hope you have enjoyed them. Thank you for taking the time to do the lessons carefully. It would be easy to rush through them, so I appreciate all your effort."

"A very good try, Rachel. I think by your answers, you may not fully have understood the story. Perhaps you could try reading it through again."

Spiritual comments

"Parables are sometimes called earthly stories with heavenly, or deeper, meaning. Can you think what the deeper meaning is in the parable in study 3?"

"Stephen died a cruel death and yet he was not afraid to die, for he knew that God was still in control and he knew he would be with the Lord Jesus in Heaven."
